Combining forces for the future;
Summary and Closing

Welcome to Detroit

Notes

The Michigan Office of Highway Safety Planning (MOHSP) is pleased to have you join us for this important conference. We have tried to fill these three days with workshops and general sessions designed with your special interests in mind. Several workshops are offered at different times, giving you the opportunity to attend a variety rather than a select few.

If this is your first visit to Detroit or the Great Lakes State, we extend a special welcome. We hope your brief stay is enjoyable. It is our desire that what we discover together at this conference will help assure safer transportation for all motorists.

Philip W. Haseltine
MOHSP Executive Director

Planning Committee

Special thanks to some of the people who helped plan and produce this conference.
