Workshop Location:

Legacy Emanuel Hospital
Lorenzen Center 1700-1702
301 N Graham Ave
Portland, OR 97227
Park in Parking Structure #3

It is a sad fact: Car crashes are the leading cause of death for teens.

The Legacy Health award-winning Trauma Nurses Talk Tough program that teaches young people to take control of the risks in their lives has a **Graduated Driver's Licensing (GDL) Workshop** that can help:

- Reduce the crash rates and traffic violations for youth
- Increase understanding of the reasons for and importance of following GDL laws

Workshop is appropriate for youth ages 14-18, with or without license or permit.

****Teens, parents attend TOGETHER****

Attending the workshop together increases safety and driving success for the Teen.

The workshop:

- Helps parents support young drivers
- Fosters understanding and co-operation among teens and parents
- Includes a "teen driver contract" construction activity
- Updates traffic safety information
- Legacy Trauma Nurses Talk Tough slide presentation
- 'Utilizing GDL Laws Effectively' presentation and handout
