Teaming up to put an end to distracted driving

LifeSaver for Android

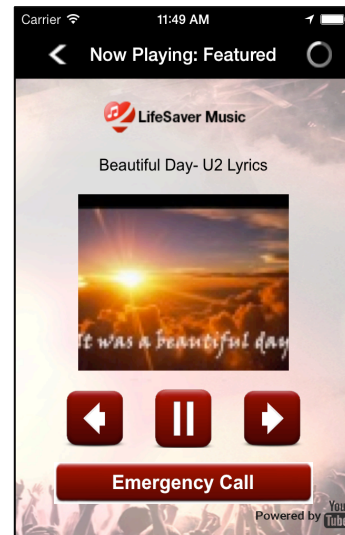

Automatic: Runs in the background and locks automatically when you start driving
Practical: Listen to in-bound texts while driving

Monitoring: Allows parents to set guidelines and receive notifications

Rewards: Drivers can earn rewards (Gas, Starbucks, Amazon) for safe driving behavior

LifeSaver for iPhone (beta)

Music as a Positive Distraction

- The 1st iPhone distracted driving app that will “stay awake” in the background
- Auto-plays music when driving, so you won’t be tempted to use it otherwise
- Approved in the Apple Store

Auto-Locking

- The 1st iPhone distracted driving app that will auto-lock when driving begins
- Apple approval coming soon
