

IS SIRI THE LETHAL WEAPON?

You respond to a horrific crash. Among the wreckage are 7 cell phones. Which ones contain evidence of a crime? What kind of evidence might they contain? While cell phones may have similar features and applications, each type is unique and requires different investigative approaches and processes. Asking the right questions will improve search warrants, find more evidence and dispense the right justice. This presentation provides answers to 8 questions about cell phones at a crash.
