Self assessments help I.D. those drivers at an "elevated" risk for a future traffic crash.
In a two-car fatal collision, where one driver is 70 or older, the older driver is 3.5 times more likely to be killed!
Community-focused approach to education and resolution.
Facilitators guide families through “the talk”.
I'll have a cheeseburger, large fries, black coffee...

I'm starting to think retesting seniors for driving isn't a bad idea!
